

REPORTS and DATA REQUIRED

February 2009

In general, we require any and all reports containing data or analysis regarding the hydrogeology or other water-related matters pertaining to the Findlay Creek subdivision or the Leitrim Wetland (Provincial or Federal).

In addition, there are data and analyses pertaining to the Remer lands and to the investigation of the impact of the Gloucester landfill. These are not included in the list below.

Specific data and reports:

Sources:

Smolkin 10 May 2007 = Affidavit filed with the OMB
Exhibit W = Exhibit to Dreessen Affidavit of 13 June 2008
Smolkin's list of 9 reports = Exhibit A, Motion Record, Tab 3, Divisional Court, also in Attachment 4, Golder's Response to MOE, 16 Dec 2008
Golder's Responses to MNR and MOE, both dated 16 December 2008
CEAA Screening Report 2003 (DFO-OGLA #5250-100:FEAI #22530)

DATA

The numerical data of borehole monitoring, corresponding to the updated graphics in Attachment 3 of Golder's Response to MOE (also in the 90-day PTTW application, EBR #010-5426).

REPORTS likely containing hydrogeological or other water-related data or analyses

"...studies of the geotechnical conditions across the site, continuing on to a study of the hydrogeological conditions underneath the subject lands..." [starting "about 1987"]
Smolkin 10 May 2007, p. 1-2, para. 3

Preliminary Geotechnical Appraisal, Weidman-Schwartz Property, Leitrim Village Lands, Golder Report No. 891-2029 [1989]

From Update to EMP, pp. 14-16, CCL/IBI/Golder, 2005 [which we have], section 5, in Smolkin 10 May 2007, Exhibit 37, p. 13 (Exhibit W #40)

Master Drainage Report and Hydrological Studies, including Hydrogeological Conditions, Leitrim Village Lands, Gloucester, Ontario, October 1990 (other than Golder report 901-2831)

Smolkin 10 May 2007, p. 3 para. 12 (Exhibit W #1)

Update to Hydrogeological Investigation, Leitrim Village Lands, (Oct 1990, report no. 901-2831), letter of October 28, 1992

Smolkin's list of 9 reports, # 1

ESR and Pre-Design for the Leitrim Stormwater Management System by CCL, May 1995

Golder's Response to MNR 16 Dec 2008, Attachment 3

Cold Water Assessment of Findlay Creek, prepared for J.L. Richards, by Jacques Whitford Environment Ltd., 1998
