Dear Mr. Erwin Dreessen,

Thank you for contacting my office regarding The Ottawa Hospital's (TOH) Civic Campus Replacement project. I understand that Hilary Martin has been in touch with you regarding this issue. Please know that your concerns are important to me, and I appreciate you taking the time to share them.

The proposed Civic Campus Replacement project is in the early capital planning stages, and it is currently under ministry review for comment. The ministry is planning to provide written comments to TOH on their pre-capital submission early this month. TOH will be required to respond to the ministry's comments satisfactorily before ministry staff can conclude their review of the pre-capital submission. At this time, the proposal is not an approved project. Major hospital proposals require government approval to proceed with planning.

Mr. Dreessen, thank you again for contacting me. If you have questions or comments regarding any matter that is important to you, please visit my community office at 1828 Bank Street, or give us a call at 613-736-9573. Please accept my best wishes.

Yours Truly,

John Fraser
MPP Ottawa South
