The City of Ottawa is the only municipality in Ontario with a Site Alteration by-law that does not include a permit based system. As an elected official, would you consider moving from a complaint based system (after the fact) to a permit based system (in advance)?

Q196c. How important is the Greenspace Master Plan to you as an elected official?	Very important
Q206d. Every review of the official plan addresses expanding the urban boundary, which results in the loss of rural green space. As an elected official, what is your opinion of urban expansion? Are you more likely to support intensifying within the urban boundary or expanding into rural Ottawa? Please explain.	

I am opposed to urban sprawl and therefore will not support expanding Ottawa's urban boundary. I will support intensification that respects the characteristics of established neighbourhoods.

Q217a. Are you aware of the Chalk River nuclear waste disposal plan?

Very aware

Q227b. In April 2018, mayors in the Montreal Metropolitan Community (CMM) unanimously opposed the proposal to build the permanent nuclear waste disposal site in Chalk River, Ontario. As an elected official, would you support a Council declaration opposing to the Chalk River nuclear waste disposal plan?

Yes

Q238. Do you have any other thoughts or comments about greenspace in Ottawa?

Greenspace is a precious resource in my community - residents in Bay Ward want to see their greenspaces protected from urban encroachment. That is why I went to Ottawa's Planning Committee to speak out against development in Wesley Clover Park, in the NCC Greenbelt.
